## DETAILED ACTION

### *Claim Rejections - 35 USC § 103*

The text of those sections of Title 35, U.S. Code not included in this action can be found in a prior Office action.

Claims 1-13, 15-19 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Kaczur '(970) of record for reasons of record.

Claims 1-13, 15-19 stand rejected under 35 U.S.C. 103(a) as being unpatentable over Kaczur ('465) of record for reasons of record.

Claim 14 stands rejected under 35 U.S.C. 103(a) as being unpatentable over Kaczur ('465) as applied to claims above, and further in view of Sampsons of record for reasons of record.

### *Response to Arguments*

Applicant's arguments filed 3/6/06 have been fully considered but they are not persuasive.

Applicants argue that the modification suggested by the Examiner to the Kaczur patents would destroy the intent of the references. It is unclear how the process can be said to destroy the intent of the references when the same feeds are used to produce the same products, i.e., the chlorine dioxide product solution.

That the mechanism may differ somewhat between that disclosed in the specification and that disclosed in the prior art references is given little or no patentable weight, in particular, since there is no claim basis for this mechanisms.

Accordingly, the claims stand rejected of record for reasons contained in the prior Office action.

*Conclusion*

**THIS ACTION IS MADE FINAL.** Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
